## DISARMAMENT PLANS FORMULATED

### Three Men Slain in North Carolina Filling Station Battle

#### HOME TOWN STUFF

Some of the traffic violators are getting called down. It is surprising how many people seem to get a lot of pleasure out of running through the red lights, and most of those who do this are not going anywhere. During the last few days the traffic officers have been calling down the violators.

But there is some type of traffic law violation that both city and county officers seem to be neglecting and that is the law requiring cars operated at night to have two lights in front and one in the rear. It is easy to find any number of cars violating this provision, any night you take a drive. Occasionally you will find a car traveling the highways at night without any sort of light, either front or rear. Some of the big trucks are operated without any semblance of a rear light, especially is this true where trailers are used. In a few cases a red rag will be tied on the rear of the trailer, but this is practically worthless as a warning signal to the driver of an approaching car.

If the traffic officers really want to protect life on the streets and highways they could well employ their time in arresting drivers of cars that are being operated in violation of the light code. The car with one headlight and the one with no rear light is the worst menace to travel on the highways at night.

A lowbrow is described as being a person who refuses to be bored when he can find a way of escape. Some of the rest of us are bored and have no more appreciation of certain kinds of so-called entertainment than the lowbrows, but we haven't courage enough to bolt the meeting. All honor to these lowbrows who refuse to play the part of hypocrites.

Pessimistic reports are coming from observers of the cotton crop. This is the time of year when things generally go wrong with our cotton. H. T. was beginning to feel a little apprehensive, on account of hearing nothing but good reports about the crop conditions, but is much encouraged during the last few days. Dry weather and insect ravages always help the yield.

A business man suggested yesterday that the new Waggoner lake, to be located on Beaver Creek about sixteen or seventeen miles from the city, offers an opportunity for Vernon to obtain an adequate supply of good water at reasonable cost. His idea was to put a pumping plant on the lake, run a pipe line to city and use this source of water as an auxiliary supply, continuing to use our present wells. His idea was that it would be necessary to pump water from the lake only about six months out of the year, relying upon the wells in the city for the winter supply of water when the consumption drops to its lowest level. This suggestion may not be best in all details, but it is something worth investigating. Of one thing we are certain, if Vernon continues to grow we must have a more abundant supply of water, and it is almost equally certain that we cannot continue to get more water from shallow wells drilled around town.

#### MAN HELD FOR ATTACK ON SIX-YEAR-OLD GIRL

Houston, Aug. 14.—(A-P)—A 53-year-old man was endeavoring to make \$2,500 bond today on a charge of attempted criminal assault on a six-year-old girl after preliminary hearing of the case yesterday. The alleged attempted attack occurred Sunday.

**Fined for Drunkenness.**  
J. D. Johnson, employe in the South Vernon oil fields was arrested last night and charged with being intoxicated on the streets of Vernon. He was fined \$15 in City Court this morning.

#### WOMAN BADLY WOUNDED IN DEADLY FIGHT

**Wife of One of Dead Trio.  
Who Waited With 18 Months  
Old Baby in Automobile  
While Shooting Took Place,  
Held Pending Investigation.**

Sanford, N. C., Aug. 14.—(A-P)—Three men, two of them alleged bandits, were killed and a woman seriously injured in a battle at a filling station on the outskirts of Sanford early today.

The dead men are: Ola Birdsong and his brother, Lee Birdsong, said to be from Kentucky, and Gaither Edwards, who operated the filling station. Mrs. Edwards is in a hospital here seriously wounded.

#### PAJAMAS NOT POPULAR HERE

**VERNON MERCHANTS NOT  
IN FAVOR OF NEW  
CLOTHES FAD**

Pajamas for street wear may be the latest style in big shopping centers but in Vernon they will still be worn in bed, if at all. Instead of ordering a large pajama supply in anticipation of the new fad local merchants have hardly given pajamas as a street apparel a thought.

#### NO REQUEST OF SPECIAL IS RECEIVED BY GOVERNOR

Austin, Aug. 14.—(A-P)—Governor Moody has not received a request from Senator Tom Love and Representative Geo. Purl of Dallas for a special session of the Legislature in order to pass an appropriation to supplement the Confederate pension fund, now inadequate to meet demands made on it under a new law passed by the Legislature.

#### GUEST AT PARTY STABS HIS HOST AND BROTHER

Mexico City, Aug. 14.—(A-P)—One of the guests at a party given to celebrate the baptism of his son fatally stabbed Angel Fuentes Serrano and also knifed the host's brother, Ignacio.

#### HOUSTON ICE MAN TANGLES WITH COP OVER HIS WIFE

Houston, Aug. 14.—(A-P)—G. P. Green, ice man, was in a hospital here today severely bruised about the head and body as a result of a fight with C. B. Tinch, motorcycle officer, at the Tinch home yesterday.

#### SUPERINTENDENTS OF STATE INSTITUTIONS RE-ELECTED

Austin, Aug. 14.—(A-P)—Superintendents of all the 17 state eleemosynary institutions were re-elected by the Board of Control today. Selection of a superintendent for the Psychopathic hospital to be established at either Galveston or Dallas was deferred. The election was for two years.

#### WOMAN SLAIN AT AMARILLO, HUSBAND IS WOUNDED

Amarillo, Aug. 14.—(A-P)—Mrs. Allie Parkie, 29, was killed and her husband, O. H. (Jack) Parkie, 32, was seriously injured in a shooting here today. Mrs. Parkie was shot twice through the head and once in the body. Her husband suffered a head wound.

#### BANDITS HELD AT SAN ANTONIO

**PAIR ARE ARRESTED SOON  
AFTER ROBBERY OF  
MESSENGERS**

San Antonio, Aug. 14.—(A-P)—Within an hour after two armed, unmasked bandits had held up A. H. McLean and Frank Wiener, bank messengers, on a downtown street and robbed them of \$7,400, Sheriff Alfonso Newton, Jr., and two deputies had placed the men under arrest and recovered most of the money.

The money, carried in a satchel, consisted of \$6,000 currency and \$1,400 gold.

One of the men is Joe Schwartz. A part of the money was recovered at a Collins Garden house, and officers now are searching for the remainder.

#### New Orleans To Place Bans on Anarchy Moves

New Orleans, Aug. 14.—(A-P)—With blood having been shed in the city hall, the Commission Council today prepared to carry out its mandate against a repetition of yesterday's violence in the street car strike during which City Commissioners were mobbed in the council chamber, four persons felled with bullets and street cars stormed. T. Semmes Walmesley, acting mayor, has declared "anarchy must cease."

Placing responsibility for the riots upon the inspiration of "irresponsible demagogues and firebrands in the community," the council ordered the police force augmented and invoked strict enforcement of the city ordinance practically banning jitney transportation competing with the street cars. The latter is effective at noon tomorrow.

#### PAIR SOUGHT IN BEATING OF AMERICAN IN LONDON

London, Aug. 14.—(A-P)—Scotland yard, which is seeking for the assailant of Philip Eaton, 27, wealthy young American teacher who was found beaten, cut and badly battered in his fashionable Mayfair apartment, has sent out a call for two young men.

#### VILLAGE SWEEP AWAY BY FLOOD IN NEW MEXICO

**Another Small Town Inundated  
and in Danger of Being Wiped  
Out by Overflow from Rio  
Puerco River—Menace Be-  
comes More Serious.**

Albuquerque, N. M., Aug. 14.—(A-P)—The village of San Acacia had been swept away, and San Marcial, another small town, was inundated and in danger of being wiped out by flood waters from the Rio Puerco River today. Hundreds of head of livestock were drowned, and property damage was estimated at \$100,000. No loss of human life was reported.

#### COUPLE DIE IN SUICIDE PACT

**CORONER RETURNS DOUBLE  
DEATH VERDICT IN  
NEW YORK**

Poughkeepsie, N. Y., Aug. 14.—(A-P)—Miss Montell Mansfield, 27, and Gail Hamilton, 33, both of New York, died today in what a Dutchess County coroner said was a double suicide.

Hamilton was said to have a wife, Mrs. Elise Hamilton, at present in Paris with their eight-year-old daughter, Betty. Miss Mansfield's father, W. E. Mansfield, was said to live in Farwell, Texas, while her mother, who had remarried, lived in Toronto, Ont.

#### STAR WITNESS IN ATTACK CASE HAS DISAPPEARED

Los Angeles, Aug. 14.—(A-P)—District Attorney Burton Fitts disclosed today that William Jobelman, publicity agent for Alexander Pantages, had disappeared on the eve of the theatre magnate's preliminary hearing on charges of criminally attacking 17-year-old Eunice Pringle, a dancer, in his office last Friday. The state had counted upon Jobelman as a star witness in the preliminary hearing scheduled for today.

#### FLYER ESCAPES WHEN HE LANDS PLANE IN ORCHARD

Scranton, Pa., Aug. 14.—(A-P)—Jack Webster of Madley field, Dunellen, N. J., piloting his air mail plane bound for Buffalo, N. Y., narrowly escaped death at 3:15 this morning when he was forced to land his plane in an orchard a mile from Susquehanna, near here.

#### FLYER MISSING AFTER PLANE IS FORCED DOWN

Cleveland, Aug. 14.—(A-P)—A Cleveland-Detroit amphibian plane of the Thompson Aeronautical Corporation was reported here today to have been forced down on Lake Erie four miles west of Pelee Island. Jack Kasper, the co-pilot is missing. A man and woman, passengers, were picked up by the steamer Midland King.

Cy Caldwell, Cleveland, pilot, and Mrs. Robert Little, Cedar Rapids, Iowa, were picked up by the freighter Midland King. C. A. Lupole, Patterson, N. J., mechanic, was rescued by the freighter Denmark. The co-pilot, Jack Kasper is missing. The plane left Cleveland at 5 o'clock yesterday evening, according to Thompson officials and encountered a fog. It nose-dived into the water and turned over.

#### GIRL BLAMED IN SNOOK CASE

**ATTORNEY PICTURES MISS  
HIX AS MOVING SPIRIT  
OF LOVE TANGLE**

Courtroom, Columbus, Ohio, Aug. 14.—(A-P)—Responsibility for the three-year love affair between Dr. James H. Snook, former Ohio state professor, and Theora Hix, the co-educator, who was placed on the shoulders of the girl today by Max Seyfert, defense attorney, in his closing arguments to the jury.

Seyfert drew a picture of Miss Hix when she went to work as a stenographer three years ago in the veterinary building at Ohio State University where she met Dr. Snook, describing her as the moving spirit in the affair that grew up between them.

Seyfert characterized as a "damnable lie" the state's contention that Dr. Snook's confession was voluntary and represented the former professor's story of the killing.

#### MURDER CHARGE TO BE FILED IN TULSA DEATH

Tulsa, Okla., Aug. 14.—(A-P)—A murder charge will be filed against B. O. Shepherd, wealthy real estate and investment broker of Tulsa, in connection with the death of Robert Hatcher, 25, found dying in an exclusive apartment here.

#### USES MAYOR'S NAME TO EVADE TRAFFIC FINE

Abilene, Aug. 14.—(A-P)—The name of Mayor J. Waddy Tate of Dallas was used to a good advantage by a motorist who was stopped here yesterday for a minor traffic violation.

#### FOREST FIRES CONTINUE MENACE DESPITE RAINS

Winnipeg, Man., Aug. 14.—(A-P)—Forest fires in this province, Ontario to the east and British Columbia to the west continued their menace today despite rains in some sections of the affected area.

#### WIND DOES CONSIDERABLE DAMAGE AT NACOGDOCHES

Nacogdoches, Texas, Aug. 14.—(A-P)—A wind storm of considerable intensity struck the Blair community, between Timpan and Garrison, 20 miles north of here, late yesterday, blowing down where forestry department rangers and settlers, numbering hundreds, have waged battle with the flames.

#### CHINA-RUSSIA ARMED CLASHES ARE REPORTED

**Announcement Says Russians on  
Soviet Soil Have Been Killed  
by "White" Organization  
Supported by Manchurian  
Troops.**

Moscow, Aug. 14.—(A-P)—Official notice of actual combats on Soviet soil growing out of Sino-Russian antagonism in Manchuria, northeastern China, was given today in an announcement published by Tass, official news agency.

The Tass announcement said Russians on Russian soil had been killed and wounded by "white Russians" supported by Chinese troops of the Manchurian garrison. It was said the attacks had been dispersed "by determined actions by our troops."

#### FORCES MUSTER AGAINST BLAZE

**REPORTS FROM MUCH OF  
STORM SWEEP AREA  
ENCOURAGING**

Seattle, Aug. 14.—(A-P)—Man power and machinery was mustered on many fronts today in a desperate hand-to-hand battle against forest fire and its natural allies, winds and hot weather.

Reports from many flame swept regions throughout the Pacific Northwest and Western Canada were encouraging, but in other sectors additional forces of fire fighters and equipment were sought to aid tired men who were becoming exhausted.

Provincial police in Trail, B. C., rounded up all available men to fight forest fires sweeping along the international border.

#### DEVASTATED STRIP MARKS PATH OF SEVERE STORM

Rutland, Vt., Aug. 14.—(A-P)—A devastated strip of rural country stretching from a summer resort on Lake Moosehead, ten miles from here, to Brandon, 15 miles north marked today the path of a wind and hail storm which at times assumed the proportions of a tornado. No loss of life was reported.

#### FORCED LANDING ENDS SOVIET FLIGHT TO U. S.

Moscow, Aug. 14.—(A-P)—The flight of the Russian military plane "Land of the Soviets," from Moscow toward New York has ended in a forced landing 170 miles from Irkutsk, Siberia. There was no information as to whether they would be able to continue their flight.

#### AMARILLO MAN KILLED IN AUTOMOBILE CRASH

Amarillo, Aug. 14.—(A-P)—John Thomas Towles, 45, of Amarillo, was killed and his small son and Mrs. E. M. Starker and her two children of Stratford, Texas, were injured when two motor trucks collided on a highway 30 miles north of here last night.

#### TWO INJURED IN AUTO COLLISION AT LONGVIEW

Longview, Texas, Aug. 14.—(A-P)—Thomas A. Gary and his nephew, Herbert L. Gary of Tuscaloosa, Ala., were injured near here last night when their automobile collided with a motor bus. The elder Gary sustained a broken nose and severe gashes about the head. His nephew escaped with minor hurts. They were en route to Abilene, Texas.

#### BODY OF GIRL FOUND BOUND IN GUNNY SACK

Minneapolis, Minn., Aug. 14.—(A-P)—Bound in a gunny sack, the body of a girl apparently about 12 or 13 years of age, was found in south Minneapolis today. Her hands were tied, and she apparently had been strangled.

Two ice-men, Williams C. Hoag, Minneapolis, and William Stokes, St. Paul, found the body and notified police who summoned Mr. and Mrs. Andrew K. Aune, whose daughter, Dorothy, has been missing since yesterday, in an attempt to identify the body.

Police Captain Einar Jonassen said the child apparently was lured into an automobile, attacked and slain. Her body then was tossed in sacks which were held together by a piece of wire and tossed into the street.

#### STORMS WREAK HAVOC IN EAST

New York, Aug. 14.—(A-P)—Wind, rain, hail and lightning, sweeping through three eastern states left a trail of destruction, marked today by damaged buildings, blocked highways and ruined crops.

#### TRAIL OF DESTRUCTION IS LEFT IN WAKE OVER THREE STATES

A wind of hurricane force cut a swath 25 miles wide through Vermont from Lake Bomoseen to Middlebury, overturning cottages and damaging other buildings.

The main highway between Rutland and Middlebury was blocked by fallen trees and communication between Rutland and Lake Bomoseen was cut off. Several boating parties on the lake reached shore with difficulty, but there was no loss of life.

In the vicinity of Reading, Pa., a series of electrical storms fired three barns while the torrents which accompanied the wind and lightning poured streams over their banks, flooded property and made bridges impassable.

#### RUM RUNNERS LAND CARGO AT DETROIT IN DAYLIGHT

Windsor, Ont., Aug. 14.—(A-P)—(Canadian Press)—Rum runners broke through the U. S. coast guard blockade yesterday and were successful in landing several cargoes of liquor in daylight at the Detroit docks.

#### PROFIT TAKING REVERSES BULLISH TREND OF STOCK

New York, Aug. 14.—(A-P)—Further violent "bullish" operations in an impressive assortment of leading issues on the New York Stock Exchange today ran into heavy profit-taking, which reversed the price trend in the afternoon, sharply curtailed the earlier advances, and depressed several stocks below last night's close. Short covering caused moderate rallies in the final transactions.

#### NON-REFUELING FLIGHT RECORD SOUGHT FOR U. S.

Long Beach Calif., Aug. 14.—(A-P)—Seeking to bring the non-refueling endurance flight record to the United States, Emory Bronte, and Jack Reid took off in a cabin model monoplane at 6:04 a. m. here today. They hope to better the mark of 65 hours 25 minutes set by two German flyers.

**Hoover Discusses Details of Naval  
Reduction With High Of-  
ficials at Conference at White  
House Early Today—Meet-  
ing of Experts Desired.**

Washington, Aug. 14.—(A-P)—A conference at the White House today between President Hoover, Secretary Stimson, Secretary Adams, under Secretary of State Cotton and members of the naval board on the question of naval limitations dealt with both the broad and technical points of the disarmament problem.

Joseph P. Cotton, under secretary of state, who has been dealing with the naval question for the State Department, has been in constant touch with Rear Admiral Hilary P. Jones, American observer at the preliminary disarmament conference at Geneva, and other members of the navy general board for the past several days. Mr. Cotton conferred more than two hours last night with Admiral Jones, but both the Administration and the State Department refused to discuss the nature of the conference.

#### INSTITUTE TO OPEN SEPT. 9

The two-day teachers institute for the Vernon city schools will start on September 9, P. M. McKinley, secretary of the school board, said today. Registration for the school children of the city will start on September 11, and the 1929-30 school year will be under way on September 16.

#### SCHOOL REGISTRATION TO START HERE TWO DAYS LATER

## ZEPP SAILING TIME IS SET

### BIG AIR LINER TO START FLIGHT EARLY THURSDAY

Friedrichshafen, Germany, Aug. 14.—(AP)—Dr. Hugo Eckener today set the time for departure of the Graf Zeppelin on the second leg of its round-the-world flight at 4:30 a. m., Thursday (9:30 p. m., Wednesday C. S. T.).

The passengers were ordered to enter the gondola at four o'clock tomorrow morning.

For a time today Dr. Eckener was in a quandary regarding his passenger list, but eventually straightened everything out.

Miss Kaneko Kitamura, a Japanese, succeeded in upsetting the serenity of the flight preparations by insisting that she be entitled to a berth on the Graf Zeppelin for the Tokyo flight. She produced a receipt for 100 pounds sterling paid to the Hamburg American line long before the Graf Zeppelin started for the United States and bearded Dr. Eckener in his den. The doctor was considerably upset as he foresaw complications since Lady Grace Drummond Hay is supposed to be the only woman round-the-world passenger.

At the same time Japanese correspondents who had obtained Japanese rights to the flight news strongly protested against Miss Kitamura's making the trip.

Dr. Eckener went into several consultations and finally announced Miss

"I wish everybody who is in the same shape I was would just try Orgatone. If I had known about this medicine six years ago, I would have saved a world of suffering and many a dollar," said Mrs. F. D. Miller, of 164 Pearl Street, Wichita Falls, Texas, in an interview with the Orgatone representative, recently.

"After I had been taking Orgatone only a week," continued Mrs. Miller, "I could feel a marked change in my general condition. It has corrected my digestion, soothed my stomach and so improved my appetite that I can eat many things now that I would not have dared touch before, for I knew I was well suffering I would have to endure afterwards."

"I had severe stomach trouble for six years, and my digestive organs were in such a weak, inactive condition that when I would eat any solid foods, it would ferment and cause gas to form on my stomach, which would cause an awfully distressed feeling that often lasted for hours at a time, and I suffered with an irritated condition, soreness and severe pain, through my stomach most of the time."

"I would get up tired in the mornings, and stay that way all day. I had no energy and strength, and the least bit of exertion would almost completely exhaust me, and I could do no work at all without suffering great pain."

"I often found myself brooding over my troubles, and grew despondent, for it seemed to me that I had tried every kind of medicine and had found no relief from any of them, and I had about reached the point where I had but little hope of ever being well again. But I feel like a new woman now. I feel myself improving with almost the first dose of Orgatone, and, just to think, after trying it only a few weeks, I can eat nearly anything I want, without it hurting me, and that's something I haven't been able to do before in many years. I have gained in strength, and feel so much stronger and better in every way that I can do all of my household work without feeling the least bit fatigued."

"I am not nervous at all now. I can lie down and sleep like a baby, and my sleep is so restful and refreshing that I don't mind at all getting up in the mornings and going about my duties. In fact, my whole system has been so much improved and I feel so much stronger and better in every way that I have in such a long time that I think it is really wonderful."

Genuine Orgatone is manufactured by one of the world's largest laboratories and is not a so-called secret patent remedy but a new scientific formula treatment and is sold in Vernon exclusively by the Vernon Drug Store.—Adv.

## PECAN OUTLOOK IN TEXAS PLACED AT 53 PER CENT

Austin, Aug. 14.—(AP)—Pecans give promise of 53 per cent of a full yield in Texas, but it is too early to arrive at an approximation of probable production, a survey of the industry by H. H. Schutz, department of agriculture statistician, revealed today.

Last year's carload shipments totaled more than 600,000.

"As usual," the report said, "There is a great diversity in prospects in different portions of the state. Lack of rain as well as insect damage has reduced the earlier condition."

In Stephens County the case-borer has made its appearance, and prospects are only fair. Pecans in Wichita County are not as good as early indications.

A 40 to 45 per cent crop is reported in Collin County, and in Cook County dry weather and basket and webworms have taken almost the entire crop. The crop in Denton County will be poor if dry weather continues, the report disclosed.

In northeast Texas the native crop is spotted. Insects are doing considerable damage and few wild trees have more than clusters of more than three nuts.

determining relative naval strength with considerations of the factors of speed, armor, age, and guns in addition to size. The various powers are expected to confer during the period with their naval advisors, and to submit a preliminary report to the preparatory commission. It is known, however, that the United States has not yet submitted its formula at Geneva.

After the White House gathering, Stimson said the naval negotiations had reached the point where it was desirable to have a conference between the naval experts and the civilian members of the government who are dealing with the subject.

The civilian officials are keeping in close touch with the naval advisors, the secretary asserted, and were desirous of their cordial and friendly cooperation in the naval problem.

The conference, he continued, was to make sure that no differences in their points of view might become vital, adding he knew of none at this time.

This beetle and its larvae devour bean crops by eating the plant foliage. The map, prepared by the Bureau of Entomology, U. S. Department of Agriculture, shows the spread of the pest.

Cope, La Mesas; Black Land Truck Line, Corpus Christi; Thomas C. Burnham, Iowa Park; William E. Hughes, Corpus Christi; James F. Brown, Corpus Christi; Charles Hale, Waco; Alf Johnson, Waco; J. F. Goodenough, Corpus Christi; Joe Dine, Big Spring; E. S. Billings, Lubbock; Hays Transfer and Storage Company, San Benito; Heig Transfer and Storage Co., Beaumont; O. H. Hight, Waco.

## COOLIDGE LAKE COVERING OLD APACHE STRONGHOLD

Coolidge Lake, Ariz., Aug. 14.—(AP) The waters of Coolidge Dam, churned by floods from the upper Gila River, were lapping today against the adobe walls of San Carlos, tribal home of the Apaches, which soon will disappear from the map of Arizona.

Ten days ago, convinced that Coolidge Lake at last was to become a reality, the last of the Apaches moved to the highlands from their homes in the basin three miles back of the dam.

As it appeared today, Coolidge Lake was placid, extending three miles back from the dam to the thresholds of the deserted Indian homes. But it continued to deepen and lengthen as the ever flowing water was held back by the new dam.

The swelling waters yesterday engulfed the last reminder here of Geronimo, renegade Apache terror of a few decades ago. The crumbling foundation of the jail which once housed the Apache killer and thereby gained a small measure of fame, disappeared beneath the surface of the lake.

Five more days, or a week at the most, of daily two foot rises in the level of the lake, such as have been recorded for six days, will see the last thatched roofs vanish. Then San Carlos will join the roster of forgotten Arizona towns.

## TWO BOYS ARE HELD ON SECOND CHARGE IN KANSAS

Hutchinson, Kan., Aug. 14.—(AP)—Two youths, under arrest here in connection with a robbery and attack on two Concordia, Kan., women tourists, today were also ordered held for Federal investigation concerning the slaying at Phoenix, Ariz., of Paul E. Reynolds, department of justice agent.

**DEATH CAR REPORTED TO  
HAVE BEEN SEEN IN DALLAS**

Dallas, Aug. 14.—(AP)—The slayers of P. E. Reynolds, special agent of the department of justice, were sought here today after information had been given police that the automobile in which Reynolds was riding when killed near Phoenix, Ariz., had been seen in Dallas.

The agent was slain and his body thrown into a canal near Phoenix Monday.

**DRIFTWOOD, OKLA., BANK  
ROBBED BY TWO BANDITS**

Cherokee, Okla., Aug. 14.—(AP)—The Bank of Driftwood at Driftwood was robbed by two masked bandits today of approximately \$3,000. Driftwood is about ten miles north of Cherokee.

## Mrs. Stallworth Pins Hopes on Defense Theory

Canyon, Texas, Aug. 14.—(AP)—Mrs. Levi P. Stallworth, slayer of Mrs. Grace Morrison, pinned her faith today on a double theory of defense in her murder trial. Her counsel had about 12 additional witnesses to question before closing direct testimony.

The prosecution rested yesterday after following its picture of the shooting, which occurred in front of an Amarillo hotel May 13, through declaration of eye witnesses.

The defense, which in a previous trial at Amarillo had emphasized its contention Mrs. Stallworth killed Mrs. Morrison, of Plainview, because the victim and Stallworth were having intimate, presented witnesses to swear Mrs. Morrison had been carrying a weapon and the Amarillo woman feared for her life.

Mrs. E. M. Stallworth of Fort Worth, was with the younger when she slew Mrs. Morrison.

## BRIDE OF FRENCH OCEAN FLYER SUES FOR DIVORCE

Paris, Aug. 14.—(AP)—Mme. Jean Assolant, the former Pauline Parker of New York, was said at the office of her attorney today to have filed a suit for divorce from Jean Assolant, French pilot of the trans-Atlantic plane Yellow Bird, but that the suit was rejected because certain papers, including her birth certificate, were not attached.

Grounds for the action were not disclosed.

## RUSSIA AND CHINA START HOSTILITIES TUESDAY

Mukden, Manchuria, Aug. 14.—(AP)—The governor of Kirin today reported that Chang Hsueh-Liang, governor of Manchuria, and Russians began hostilities against each other yesterday.

On the eastern front, he reported 300 marines with two airplanes from gunboats on the Sangari River, occupied two small towns, while on the western front, Nardun, near Manchukui, which is in Manchuria, was occupied.

New York, Aug. 14.—(AP)—The cotton market opened steady at a decline of 3 to 9 points in response to relatively easy cables. There appeared to be some realizing or re-selling which may have been influenced by uncertainty as to the weekly weather report.

October was ruling around 18.23 and March 18.80 at the end of the first half hour, or about 8 to 10 points net lower.

Covering followed publication of the weekly weather report, and prices advanced to 18.36 for October and 18.81 for March, or about 2 to 6 points net higher. Demand soon tapered off, while the bulge seemed to bring out more liquidation, and the market eased again. At midday active months were 13 to 18 points net lower with October selling around 18.18 and March 18.71.

New Orleans, Aug. 14.—(AP)—The cotton market opened steady at a decline of 3 to 6 points. Cables were slightly lower than due, and prices continued to ease on selling on the lower cables and unfavorable weather.

October traded down to 18.14, and December 19.43, or 7 to 8 points under yesterday's close. Some demand developed, and towards the end of the first hour the market recovered 6 to 9 points of the loss.

The market rallied moderately when the weekly weather and crop summary proved unfavorable as a whole. October traded up to 18.28, and December to 18.56, or 5 points above yesterday's close. Later offerings increased, and longs sold on the failure of the government consumption report to appear. October sold off to 18.10 and December 18.36, or 18 to 20 points down and at mid-session the market was quiet and at the lows.

### GOAT BILLY THE KID MAY RETURN TO TEXAS RANGES

San Angelo, Texas, Aug. 14.—(AP)—A decision as to whether "Billy the Kid," a well publicized goat, will return to the ranges of his homeland or bask in an official glow at Washington dinner than had been planned for him was awaited by his sponsors here today.

Billy's constituency, the Texas Sheep and Goat Raisers Association, sent him up to the capital to become the pet of Secretary of State Henry L. Stimson in lieu of the unfortunate William Hamilton Bones, another of Billy's genus, who was said to have been lost somewhere when Mr. Stimson moved from Manila.

Yesterday, however, the local public of Billy the kid was informed by Captain E. A. Regnier, Stimson's aide, that the secretary did not want a goat, and furthermore that William

Hamilton Bones had belonged, not to the State Secretary, but to the captain.

To this message the association replied that it would be happy to present the kid to Captain Regnier if the captain's chief could not bring himself to accept the delegate.

The question today was: does the captain want a goat?

## Girls of School Age, Mayor and Police Chief Among 200 Persons Arrested in Indiana Liquor Raid

Hammond, Ind., Aug. 14.—(P)—Agents strike that most of those arrested today as Federal prohibition agents mopped up a widespread liquor and vice ring.

By 1 o'clock this morning 165 persons had been arrested in East Chicago and Indiana Harbor, the two cities against which the agents concentrated their drive. As rapidly as the prisoners could be taken to Crown Point for arraignment before a United States Commissioner, the 250 raiders returned to the roundup which they said would not be completed until approximately 300 arrests had been made.

Mayor Raleigh P. Hale of East Chicago and his chief of police, James E. Regan, were among the first arrested. Nick Sudovich, catalogued as a lieutenant of Scarface Al Capone and as one of the heads of liquor traffic in the Calumet district, also was seized. Federal authorities believe Capone, now in a Philadelphia jail, is the actual head of the alleged liquor and vice ring.

The raids began at 6 o'clock last night following a secret conference of Federal forces at South Bend yesterday afternoon. So swiftly did the

agents strike that most of those arrested today as Federal prohibition agents mopped up a widespread liquor and vice ring.

Mayor Hale and Chief Regan were charged with conspiracy, and a similar charge was made against Sudovich who was found in the cabaret he operates. In many places the agents found girls acting as barmaids, and they were sent with the others to Crown Point for arraignment.

### CLEARING WAY FOR ACTION ON SUGAR TARIFF RATE

Washington, Aug. 14.—(P)—Having completed their revision of the House rates on hides, leathers and shoes, the tariff drafting Republicans of the Senate finance committee hoped today to complete work speedily on the sundries schedule of the bill and clear the way for action on the sugar schedule.

After obtaining desired additional information on the views of organized producers, the committee members have decided to support the House action in placing a duty of 10 per cent on imported hides and 20 per cent on shoes, both of which are now admitted without imports.

## Tariff Chief Issue Awaiting Impending Session Of Senate

Senator Simmons (left), democrat, Senator Watson (lower right), republican "regular," and Senator Norris (upper right), republican independent, will be in the forefront of leadership in the tariff fight in the senate when that body reconvenes August 19.

Washington (P)—Consideration of the tariff measure passed in May by the House will demand almost the full attention of the Senate which reconvenes Monday, August 19, to finish the extra session.

Determined to get this controversial piece of legislation out of the way before the regular session opens in December, republican leaders intend to keep it constantly before the Senate until voted upon.

Before getting down to business on the tariff, the Senate will take up the nominations of President Hoover to the federal farm board, made during the summer intermission.

Aside from these and other nominations, the French debt agreement also is likely to crowd in on the tariff for Senate consideration.

Congress has deferred action on the Mellon-Berenger agreement, worked out three years ago for the funding of the French war debt of \$4,025,000,000 until France ratified it. France finally ratified the settlement this summer and the administration expects to press for ratification by Congress at an early date.

The House must act first upon the French settlement. That body does not return to the capitol until September 25. The recess was taken by

sand at the offset location to the Tarver discovery well. The Wich-Tex No. 1 T. A. Johnson has the sand at 2,023-39 feet. The test is located in section 44, block 18, H. & T. C. R. R. survey.

### Brief News From the Oil Fields

Operations at the Rathke Oil Company's wildcat test No. 1 Watts, section 64, block 15, H. & T. C. R. R. survey in north Wilbarger County were resumed this morning with the completion last night of a ten day fishing job. Drilling is now at the 1,684-foot level in hard lime.

The Hemisphere Oil Company's test No. 1 R. L. Castlebury is still marking time below the 2,000 foot level waiting on a new shipment of casing before continuing drilling. The test is located in section 67, block 12, H. & T. C. R. R. survey.

In Ford County the Wich-Tex Oil Company is setting casing to test the

### RAGING BULL KILLS ONE, AND FRIGHTENS POPULACE

Valencia, Spain, Aug. 14.—(P)—A raging bull, intended for the Valencia arena, fought his way to freedom here today, killed one woman, wounded three horses, and frightened the populace. He finally was put in tow, however, and this evening awaited his turn against a matador.

## COLQUITT FOR HOOVER PARTY

### FAVORS MAINTENANCE OF THIRD PARTY TO FIGHT TEXAS ISSUES

Dallas, Aug. 13.—(P)—The formation, at least temporarily, of a third party—a party of "Hoover Democrats"—in Texas is advocated by former Governor O. B. Colquitt, appointed by President Hoover to the U. S. board of mediation.

Mr. Colquitt, here yesterday en route to Texas City to act in official capacity, declared the "Hoovercrats" should stay out of the Democratic primaries next summer, hold a convention of their own and nominate a slate from Governor down.

The former Governor forces, he added, "no coalition with the Creager Republicans since fully 50 per cent of the old Republican party of Texas voted for Tammany and Smith in the 1928 National election."

### Saturday Set as Day for Ending of Debt Parley

The Hague, Netherlands, Aug. 14.—(P)—Having practically fixed Christmas as the limit for evacuation of the Rhineland, the reparations delegates today set Saturday as the date when the chief problems before them must be settled.

The financial committee heard the last speeches on the question of deliveries in kind and then on a motion by Philip Snowden, British Chancellor of the Exchequer, decided to suspend its work until Saturday to give opportunity for continuation of informal conversations among the delegates.

The Chancellor, whose demands for modification of the Young plan have presented the chief nut to be cracked, expressed hope these conversations would bear fruit, and the remainder of the delegates echoed his sentiments.

Louis Loucheur, French delegate and the principal speaker, agreed with W. Graham, president of the British Board of Trade, that payment of reparations by deliveries in kind was unfortunate but they were inevitable.

### ADVERTISING GOES ON RECORD FAVORING PEACE

Berlin, Aug. 14.—(P)—The world of advertising went on record today favoring world peace. The resolution committee of the International Advertising Congress in session here approved the peace resolution submitted by Lord Riddell, leader of the British delegation, and seconded by the French delegation.

Herbert S. Houston of New York who followed this resolution favoring world peace through the meeting of the American Chamber of Commerce in Washington in May and later through the sessions of the International Chamber of Commerce at Amsterdam, told the Associated Press, "the comprehensive resolution proposed by Lord Riddell is directly in line with the action taken in Amsterdam. It shows that the organized business of the world stands squarely for peace."

## DEVELOPING HOME RESOURCES

Announcement has been made by the Wichita Falls Chamber of Commerce will discontinue its policy of factory chasing, and that henceforth the industrial phase of the organization's work will be concentrated on aiding and encouraging plants already established in the city. That this is a wise decision must be admitted.

It is indicated that in the future the time and effort of the commercial organization will be devoted to developing its resources, with little or no attention given to the establishing of artificial resources. In other words, the program of the future will deal with the problem of improving the service that Wichita Falls has to offer its residents and the people of its trade territory.

This is a sound program, and it is safe to say that if any city or small town in West Texas will develop its natural resources to the maximum it would not only grow much faster than it otherwise would, but will be surprised at its own progress. Somehow, the belief that a community to go forward must go out and bring in new interests is popularly held. While new interests and new capital are desirable, and the action taken by the Wichita Falls Chamber of Commerce cannot be interpreted as meaning that new industries will not be welcomed to that city, the most logical development program starts at home. Fortunately the natural resources, hardly touched as they are in the average West Texas community, offer a potent field for development, and one that is not likely to be exhausted in a short time. Development activity can meet with much success and still find projects adequate to occupy all the time available without going afield.

If Vernon could be developed into one of the best market places and trading centers in the state, if it could influence the farmers of this section to practice diversification through assurance that a ready market for whatever commodity they produced would be found in this city, if the city could become the undisputed oil capital for the rich producing territory that is rapidly developing in this and adjacent counties, if its splendid highway could be congested with the traffic of enthusiastic shoppers on their way to and from the city, confident of maximum service, courtesy, and quality, the city's future would be assured even though it never becomes the home of a factory. We have plenty to do at home, without scattering effort over wide areas.

## IMPROVED RAILWAY SERVICE.

Railway service is accepted as a matter of course by the average American, and is given very little thought. When one thinks in terms of progress in the world of transportation the thoughts usually involve the adaptation of the motor vehicle to the requirements of commerce, or recent development of commercial aviation. It seems that the average American is disposed to regard the railway as something that has always been with us, almost in its present state, with little likelihood of improvement. In fact, a young person can look back over the span of his life and excusably fail to note any progress in railway service.

Locomotives, outwardly at least, look the same they did some fifteen years ago. There is no noticeable improvement in tracks. There has been no widely heralded adaptation of efficiency methods in the industry. Hence the statement that one may be excused for failing to notice any signs of progress.

But a comparison of railway statistics of 1920 with those for the year 1928 will reveal the following facts:

The average daily mileage run by each freight car has been increased 25 per cent, from 25 miles to 31.3 miles.

The average daily service performed by each freight car has been increased 6 per cent, from carrying 498 tons one mile to carrying 526.

The length of the average freight train has been increased 30 per cent, from 37 cars to 48 cars.

The load carried by the average train has been increased 12 per cent, from 708 tons to 793 tons.

Average freight train speed has been increased 25 per cent, from 10.3 miles per hour, counting all stops, to 12.9 miles per hour.

The average hourly service performed by each freight train has been increased 40 per cent, from carrying 7,303 tons one mile to carrying 10,205. The amount of coal required in freight service to move 1,000 tons one mile has been reduced 27 per cent, and the amount of coal required to move a passenger train car one mile has been reduced 20 per cent.

Car shortages that formerly menaced agriculture interests during harvesting season have been practically eliminated.

There have been more notable developments, including cold storage cars.

When one surveys these figures, the fact that the railways have maintained the pace of progress set by the world becomes impressive. We are getting better railway service than was given a decade ago.

## REALTOR URGES EMPHASIS ON INDUSTRIAL NEEDS

Amarillo, Aug. 13.—(AP)—"What Texas needs is not to put less stress on agriculture, but to put far more stress on industrial development," Dr. J. S. Thomas, head of the extension department of the University of Alabama, declared today at the second day session of the Texas Realtors' convention here.

A. S. Stinnett, Texas flood waters commissioner, predicted the Texas Panhandle would lead in wheat production within the next few years, and pointed out that thousands of acres of prairie land was being broken up for the first time and planted in grain.

R. E. Jordan of Houston, the only realtor who has been announced as a potential candidate for the next president of the organization, told his fellow realtors that the "will to win" was the most important requisite.

"City Planning" was the subject of Major E. A. Wood, master planner of Dallas.

## A Tribute to One of Our Beloved Departed Members.

By the Women's Missionary Society of M. E. Church, South Vernon, Texas.

No life can be pure in its purpose and strong in its strife, and all life not be purer and stronger thereby.

Thus was the life and influence of our friend and co-worker, Rena Oiler Watts, whom God saw fit to transplant from her earthly home, where she was surrounded by loyal sons, relatives and friends, to her Home Triumphant. Since young womanhood her life had been spent in the service of the Lord; she loved to see the work of the Missionary Society go forward, especially in the foreign field. She was a life member in the Foreign Missionary Society. Four years illness made it impossible for her to attend its meetings regularly, but her heart was in the work. We will miss her presence, but her gracious influence will abide.

Therefore, be it resolved that we bow in humble submission to the will of God.  
 Second: that a copy of this resolution be in the local paper, a copy spread upon the minutes of the Society and a copy sent to the family.

Respectfully submitted,

## CATS AND SPUDS OPEN CRUCIAL SERIES TODAY

## PANTHERS MUST WIN ALL FOUR GAMES IN ORDER TO DISPLACE OILERS AT TOP OF STANDING

(By the Associated Press)

A four-game series that in all likelihood will settle the second half championship opens at Athletic Park at Wichita Falls today with the Fort Worth Cats making their supreme bid. It will be a torrid quartet of encounters.

Three and a half games behind, the Panthers would have to sweep the series to take the leadership. Manager Frank Snyder of the Cats probably would be willing to settle for an even break and take his chances against the six other clubs. Odds are in favor of the Spudders.

George Payne, who has had two full days of rest and should feel like a new man, probably will be Galloway's choice to face the Kittens in the opener. If George doesn't start, he doubtless will get in before it's over. It's getting to where a Wichita box score isn't official unless Payne's name appears somewhere, and its appearance almost is synonymous with victory.

As a sort of warm-up for the "crucial" bouts starting today, the Spudders topped the Sports, 5 to 4, in the last game of their series. Rabbit Benton, who either is or is not the greatest shortstop in the Texas League, dependent upon one's place of residence, cracked a double in the eleventh frame to score Crouch with the deciding run.

The Steers bade fond farewell to L. Grave Field for the season by hanging out an 8 to 5 decision off Snyder's hopefuls. They fell on Dick Whitworth for six runs before he could get anybody out in the ninth.

Bill Harris, slim Waco right-hander, further qualified as the league's hard luck champ when he held the Exporters to five hits and was fished, 2 to 1, in the opener at Stuart Stadium. Bill Kelly, slugging Shipper first sacker, punched one of Bill's fast balls over the palms in the ninth, and Bill Huber rode in ahead of him.

Houston, as anticipated, hopped aboard the San Antonio gray train, 5 to 2. Flint Rhem limited the Indians to eight hits while his companions made merry with Chaplin.

## CHRISTIANS CHALLENGE SUNDAY SCHOOL WINNERS

Possibility of a series of post-season games by teams of the Vernon Sunday School league was made known this morning by the issuance of a formal challenge by the Christian team to the winner of the championship series now being played by the Presbyterians and Baptists, winners of the first and second halves of the season.

The challenge, prepared by the manager and captain of the Christian club, is as follows:

"Believing that the Christian team of the Vernon Sunday School baseball league is as good as the best in the league, we, the undersigned manager and captain of the Christian team, do hereby issue a challenge to the winner of the championship series, said champion team to be announced at the end of the series this week, for a three-game series, with the said Christian team, the dates to be decided between the managers of the teams."

## No Cousin to Reds

THE Cincinnati Reds have had their share of grief and misery this summer, but no one man contributed more to their woes than did Fred Fitzsimmons, burly right-hander of the New York Giants.

When the Reds beat big Fred, Aug. 1, on four dinky hits, it was the first time in five starts against him this year that they escaped whitely washing. For 36 consecutive innings Fitzsimmons had turned them back scoreless, which no doubt sets a new endurance record for holding the Indian sign.

With any sort of luck, Fitzsimmons would have made it five straight wins if not for straight shutouts, but faulty support by his mates enabled the Redlegs to break the long-standing jinx.

Grover Cleveland Alexander, during his prime, held a similar evil eye over the Cincinnati club. Over a period of three years, the Reds beat Alex but three times in more than 20 games. It seemed all Big Pete had to do was throw his glove out into the pitcher's box and the Redlegs were fished.

Until very lately Walter Miller of the Cleveland Indians had a fancy Indian sign working against the New York Yankees. The American League champions would murder every other Cleveland hurler.

er, but when Miller was on the rubber their war clubs were stilled. He kept the Yanks eating out of the crook of his slim left elbow until one day the Yanks overcame the complex. And with a mighty shower of base hits.

Several years ago, Virgil "Chief" Cheever of the Chicago Cubs could beat the strong New York Giants most every time he faced them. Even though he was "duck soup" to every other club in the league. He was the most ineffective pitcher on the Cubs' staff except when working against New York. They called him "Giant Killer" and it was this propensity that kept him in the big show as long as he was. But he finally lost his rabbit's foot and drifted to the minors.

But getting back to Fred Fitzsimmons. The Indian sign he employs against the Reds is by no means his only endorsement. Other teams have just as much trouble with him as do the boys from across the Rhine.

Since coming to the Giants from Indianapolis in 1925, he has never fallen below the 500 mark in the pitching percentages. Last season was his best to date with 20 victories and nine defeats.

This year, with the collapse of Larry Benton, he has been the big noise in keeping the Giants as well up in the race as they are at present.

## COX TO PLAY AGAINST SPUDS

FORT WORTH OUTFIELDER REINSTATED FOR SERIES AT WICHITA FALLS

Wichita Falls, Aug. 14.—(P)—The Fort Worth Texas League baseball team will meet the Wichita Falls club at full strength this afternoon here because President Alvin Gardner of Wichita Falls wants his boys to meet the worthiest foe in the visitors can offer.

Mr. Gardner's request that Outfielder Larmon Cox of the Panthers be reinstated was granted last night by William B. Ruggles, acting president of the league.

Cox had been suspended for three days starting yesterday because of an altercation with an umpire Monday.

Gardner said that "in view of the close character of the present race and the already crippled state of the Fort Worth Club, I believe the best interests of baseball will be served by having the full strength of the Fort Worth club in the four-day series with our team. The Wichita Falls club would appreciate it as a personal favor if Outfielder Cox is reinstated in time to play in this series."

Cox will pay a \$25 fine in lieu of two additional days of bench riding.

## Giant Argentine To Clash With Heeney Tonight

New York, Aug. 14.—(P)—Fistic observers expect to discover within the next 24 hours whether Victorio Campolo is to be rather among current heavyweight contenders.

The giant Argentine, who towers six feet seven inches, is to meet Tom Heeney, the "honest blacksmith" from New Zealand, in the ten-round feature bout at Ebbets Field, Brooklyn, tonight.

Heeney has been established a favorite for tonight's bout. Observers apparently have figured "honest Tom" knows too much ring lore for the green and inexperienced South American.

Against these United States could show Big Bill Tilden, Frank Hunter, John Dugg, Berkeley Bell, Frank Shields, Gregory Mangin, Bruce Barnes, Harold McGuffin, Eddie Jacobs, Julius Seligson and Melvin Partridge.

Tilden and Bell were a jump ahead of the field and will meet in the quarter-finals tomorrow.

## Presbyterians and Baptists Meet This Afternoon in Second Game of Sunday School Title Series

The Presbyterians and Baptists, the event of a Presbyterian win, the Vernon Sunday School baseball leagues, meet this afternoon at 6:15 on the City Park diamond in the second event of a three-game affair to determine the champion of the league. A Baptist victory this afternoon will decide the championship, since the deep water enthusiasts took the first tilt of the series Monday. In

It is highly probable that Bert Williams will undertake to baffle the undefeated winners of the first half of the season from the mound, although the Presbyterian ace went the route in Monday's game, the result of which could not be considered a great compliment, the fast-ball tosser having shown an off form day. Eight hits were garnered off the youth, who worked hard to whiff six Baptist batsmen. These hits, a trio of walks, and a toss that found the anatomy of a Baptist brought in seven runs to win the game.

"Edd Edwards, dairymen and pitcher, is likely to see service in today's game. In recent games Edwards has shown the ability to hurl capably. He is left at the art of getting out of holes when carelessness gets him in. His fault is slowing up when his team is leading.

The line-up presented by Manager Foster this afternoon will probably be: Bridges, left field; S. Dobbs, right field; King, center field; Rainwater, third base; Foster, short stop; Wolfe, second base; Chaffin, first base; Teel, catcher; Edwards, pitcher.

The Presbyterian line-up may consist of the following: Baird, center field; L. Williams, third base; Castleberry, left field; Bob Williams, short stop; Blanton, second base; Bourland, first base; Pace, right field; Bowman, catcher; Bert Williams, pitcher.

(By The Associated Press)

The Athletics are skipping merrily along again as eastern American League clubs prepare for the second series of their final western invasion.

Following Rube Walberg's brilliantly pitched effort against the Tigers on Monday, old John Pius Quinn turned in a neat game yesterday to shade Victor Sorrell by 4 to 3 in the Mackmen's last appearance of the season in Detroit. It now remains only for Mose Grove to turn in a good game, and he probably will get his chance at Cleveland today.

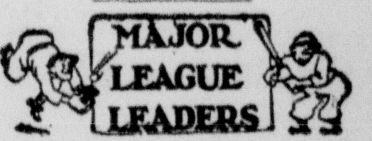

The victory of the Athletics gave them three out of four in Detroit and enabled them to stretch their lead to twelve and one-half games, their greatest margin of the season. The Yankees were nosed out in Cleveland, 3 to 2.

Quinn gave the Tigers eight hits, two more than the Macks exacted from Sorrell, but the game was not nearly so close as the score sounded. Cronin's fumble gave the home team a run in the first, and Marty McManus hit over the fence for one more in the ninth after the day had been lost. Home runs by Sammy Hale and Jimmy Fox, his twenty-seventh, provided Quinn with his winning margin.

The Red Sox escaped from Chicago with the last game of the series, 8 to 2. The Browns turned on the Senators, 14 to 2, in the getaway game at St. Louis.

With half of the National League clubs idle because of the advancement of games in the schedule at Brooklyn and Philadelphia, the Bruins nosed out the Braves 4 to 2 in the last game of the series at Boston and increased the Chicago lead to eight and one-half games.

The Reds trimmed the Giants 3 to 1 in the last of five games at the Polo grounds, and at the same time broke the spell Fred Fitzsimmons had held over them.

## Problem of Selecting All-League Nine for Sunday School Season Presents Numerous Difficulties

With the approach of the end of the Vernon Sunday School baseball league season arises the question of selecting an all-league team—a question that probably will incur considerable thought and discussion on the part of followers of the league.

The outfield will be difficult to select all-star players for. Each team has been complimented with outfielders of nearly equal, though not stellar, merit. The selection of the outfielders for the mythical team will depend largely on the hitting ability of the candidates. Past outfielders have been factors in the league that cost more than a few victories.

Baird, Presbyterian center fielder and general utility man, will make a strong bid for a position in the outfield on the mythical team. His hitting has not been sensational but he has performed well in the field. Castleberry, Presbyterian left fielder, will vie for a position in this field. Delbert Moore, Christian shagger, has played well in the outfield but his hitting may bar him from the selection. Two other Christians, Wright and Stiffler, will make bids for outfield berths. The Baptist outfield has been functioning fairly well, but there are no outstanding players. T. J. Bridges in left field is the most consistent. The Methodist candidates for the position are represented by Lewis and Richards, although the latter has seen considerable service in the infield. Right field has been unsteady with all the teams. Hardison for the Baptists has been the most consistent.

Coming to the infield a slightly lesser problem presents itself. For first base, Smith for the Methodists and Chaffin for the Baptists have been outstanding. Wilkins, Christian first sacker and hurler, will be in the race, and may surpass Chaffin. For second base, who can beat Arthur "Cack" Carney, Methodist, Steve Dobbs and Logan Williams, Presbyterians, may contest for the place also.

Rainwater, Baptist, has performed remarkably at third base recently, but has not been in the league long enough to insure a berth on the all-star selection. Shoemaker, Christian, has practically clinched the position by reason of his hitting. At short stop a more difficult question must be settled. Walter Burgess, Christian, will make a strong bid for the position. Walter Sands, a late addition to the Christian squad, has done some outstanding work at short. Foster, for the Baptists, and Bob Williams, Presbyterian, will also be in the race for the position, with the latter given a slight edge in hitting.

The real question comes with the selection of a battery. Every team has, at one time or another, sent capable hurlers to the mound, but no one has gone the entire season without a break. Buzbee of the Baptists, was the outstanding hurler of the first half of the season, but he has almost faded out of the scene since the start of the second leg. In his place has come Bert Williams of the Presbyterians. This suburban youth has displayed considerable prowess as a hurler during the last half of the season, and as a result the Presbyterians won the second half race. At times Williams has been the crack pitcher of the league, and at other times he has been off form to play

## TWELVE U. S. PLAYERS STILL IN TENNIS PLAY

Rye, N. Y., Aug. 14.—(P)—Twelve players from the United States and three from other lands remained in the running today for singles honors of the annual eastern grass court tennis championships.

The foreign threats were B. W. (Bunny) Austin and J. S. Oliff of England, and Gilbert Nunn of Toronto, Canadian Davis cup player.

As guardian of the plate, Truman Teel, Baptist, Pete Currin, Christian, Ambers Robinson, and Bernie Richards, Methodists, will be the center of the contest. Teel has done capable work insofar as controlling the pitcher and stopping balls, but is slow in a throw to second. Richards is fast and keeps interested, and will be hard to beat out, although his season closed earlier than the rest.

Bowman, Presbyterian, may be suggested, and with more practice he might make the grade. Currin is a heavy hitter, but is famous for passed balls. Robinson is steady and consistent but slow.

As utility men, a heavy of good players come to the fore. There is Wolfe, who entered the game late but who has performed well; Hugh Bourland, Presbyterian, consistent at any position, but better at first; Blanton, Presbyterian; Dalmasso and Koonz, Christians. Pick the team.

## Wichita Poloists To Clash With California Team

Chicago, Aug. 14.—(P)—The Fort Leavenworth, Kan., polo team still was in the running for the inter-circuit championship today, thanks to the aviation service.

Captain G. I. Smith was called yesterday from Fort Leavenworth, to replace a comrade whose injuries forced him out of action. He arrived during the final chucker, after a 500-mile airplane flight, in time to score a goal to break a 10-all tie with the Fort Hoyle, Md., team, and assisted in scoring the winning goal in a 12 to 11 victory.

Today's battle against elimination was between Wichita Falls, Southwestern champions, and the Midwest Club of California, Pacific coast titleholders. The Wichita Falls four, with the Oak Brook Club of Chicago, and Fort Leavenworth, is playing from scratch.

1-2 cup fat

1 cup light brown sugar

1-2 cup molasses

2 eggs, beaten

1 teaspoon ginger

1 teaspoon cinnamon

1-4 teaspoon cloves

1-4 teaspoon salt

3 cups flour

1 teaspoon soda

Cream the fat and sugar. Add the rest of the ingredients and chill the dough. Break off small pieces of the dough and flatten down four inches apart on greased baking sheets. Bake in a moderate oven for 12 minutes.

Preserved Watermelon Rind.

2 quarts prepared rind

3 quarts cold water

1-2 cup salt

2 cups vinegar

2 cups water

4 cups sugar

1-4 cup whole cloves

1-3 cup bark cinnamon

Remove the green skin of the melon and the inside pink pulp. Cut the rind into pieces one by two inches. Cover with the water and salt and soak over night. In the morning, drain and cover with cold water. Heat slowly for 40 minutes. Mix the vinegar, two cups water, sugar, cloves and cinnamon and boil for five minutes. Add the melon and boil gently until tender when tested with a fork. Pour into a stone jar. When cool, cover and store in a cool, dry place.

### Dad's Wheat Breaks Record

For the past five years the wheat fields of Fred Laptad, farmer of Lawrence, Kas., have been adjudged 100 per cent pure by official state inspectors. This is a record for the state and thought to be a national record. Laptad raises his wheat for seed purposes, sending the seed to farmers all over the United States and many foreign countries. His daughter, Lois, graduate of the University of Kansas, is shown here holding some of the 100 per cent pure wheat.

### CITY COMMISSION GIVES APPROVAL TO OFFICER

The Vernon City Commission formally approved the appointment and bond of Everett B. Rowland, of Vernon, as an additional member of the Vernon Police Department, in an adjourned session yesterday. Rowland was named for the position by Chief of Police J. D. Key following the latter's appointment to that position July 30.

The commission voted to purchase a new service truck for the water department at the meeting yesterday, and the truck was ordered and delivered this morning.

### MEXICAN GENERAL WILL RESUME EXECUTIVE POST

Mexico City, Aug. 14.—(P)—After five months of ceaseless campaigning, first against the Escobar rebels in March and April and later against the Cristeros, General Lazaro Cardenas is about to resume his post as Governor of the State of Michoacan.

He will lay aside the sword Sept. 1 to begin an intensive program of establishing schools and building roads, using in the road-building a large number of the troops under his command in the recent months of fighting.

General Cardenas had charge of one of the columns that advanced on and occupied Tlaxcala during the Escobar revolution, to later head the expedition which drove the rebels out of Sinaloa and Sonora on the west coast.

## Dr. Cook Edits Prison Newspaper at Leavenworth

Leavenworth, Kan., Aug. 14.—(P)—Frederick A. Cook, erstwhile doctor, explorer and author, is testing the pen's mightiness behind prison walls. A school of journalism for the training of prisoners, the first of its kind, has been established at the United States penitentiary here by its warden, T. B. White. Dr. Cook, who is serving a 14-year sentence on a charge of using the mails to defraud, is editor of this school's monthly publication, "The New Era."

Dr. Cook has penned a "bill of rights" for the prison's latest branch of vocational training.

In an editorial the man who claimed to have discovered the north pole in 1908 contends that the prison's journalistic school is but part of an "extensive campaign to reawaken the sleeping mentality of 3,500 men"—the penitentiary's population.

His analysis of public affairs, as viewed from a prison, includes these statements:

"A prison school of journalism is new, so new that the announcement will come to most educators as a questionable experiment."

"The press is not independent, as is often claimed—no news service can be because it is planted at the crossroads of life, where all is interdependent."

"Human betterment is all that a jail has to offer. The type of special training which a prison school of journalism can give must resolve itself into a system of adult education, a salvaging of lost schooling."

"Crime is not due to a lack of education, but to an incapacity to foresee the consequences of every act. The warden has this in mind when he seeks to industrialize all prison activities in a trade school."

"Success in this new endeavor depends upon willing cooperation, and cooperation is the passport to the wealth of America's economic empire."

## Navy's First All-Metal Dirigible Soon Ready

Here's the ZMC-2, the first all-metal dirigible built for the United States navy at Detroit and soon to be delivered. The huge fins above and below the cigar-like body control the craft and embody new principles in dirigible operation. The dirigible is 150 feet long and 50 feet in diameter and is inflated with helium gas. It will carry a crew of four and a load of 1000 pounds over 1200 miles at a cruising speed of 55 miles an hour. The weight is approximately the same as that of a fabric-covered dirigible as the welded metal envelope is very thin and fewer braces are required. Below is the control car.

**Notice to Contractors.**

Sealed bids will be received at the office of E. L. McHugh, County Auditor, Wilbarger County, Vernon, Texas, until 10 o'clock a. m. Plans and specifications may be seen at the office of J. E. Nabers, County Engineer, or County Auditor.

Contractors may submit bids on alternate plans, which they may prepare.

Said bridge to be paid for in Road and Bridge Warrants, bearing interest at a rate not exceeding 6 per cent per annum.

A certified check payable to the order of J. V. Townsend, County Judge, without recourse must accompany each proposal in a sum equal to 5 per cent of the bid.

Bond will be required of the successful bidder in a sum equal to the contract price.

The right reserved to reject any and all bids.

# ZEPP IS READY FOR TAKE-OFF

LAST INSPECTION IS GIVEN MOTORS OF HUGE DIRIGIBLE

Friedrichshafen, Germany, Aug. 14. —(P)—Final preparations were made today for the Graf Zeppelin, mighty German dirigible, to take off before dawn tomorrow for Tokyo in continuation of its round-the-world flight.

The Zeppelin's five engines were gone over once again, a last inspection was given the fabric which clothes its rigid framework, food,

# Dry Shooting Up To High Court

Use of firearms by prohibition agents in enforcing the dry laws will be affected materially by a decision of the United States circuit court of appeals at Cincinnati in the Roy V. Miller case. Miller, above, was convicted in federal court at Paducah, Ky., for firing upon an alleged violator of the law in 1925. Sentenced this year to serve two years in prison, he appealed the case. Miller is the first dry agent convicted in nine years of prohibition.

supplies and the ship's cargo of mail were stowed away, and a final check-up made of every element.

In the Zeppelin Company offices maps, charts and weather reports, furnished in part by Soviet meteorologists, were subjected to intensive

scrutiny by Dr. Hugo Eckener, the ship's master, and his aides. They expected prior to departure to state somewhat more definitely the dirigible's course across northern Asia.

As the time for take-off approached recognition became more and more general that the Graf was undertaking a voyage which will test its speed, endurance, and airworthiness considerably more than any mere trans-Atlantic crossing.

Particularly did the possible extreme northern route, northeastward from Leningrad to Yakutsk, seem a supreme test, although as a matter of fact weather conditions that far north were said to be better for an eastward flight than further south, by way of Irkutsk. Much of the route along the northern coast would lie north of the arctic circle.

The 20 passengers, who with 40 officers and crew will be aboard the Zeppelin, already have gathered here from all parts of Europe. They were happy at the prospect of getting away tomorrow (probably before midnight tonight E. S. T.). No one seemed to fear the outcome of the trip, or to be contemplating it with any emotion other than enjoyment.

# FREDERICK AND SEYMOUR GET FIRST 1929 BALES

Frederick, Okla., Aug. 14.—The first bale of cotton for this season was brought in late Monday by Tom Peacock, farmer living southwest of here. It weighed 427 pounds after being ginned by the Williams and Fry gin. It will be sold Tuesday, after which the owner will be given a premium.

Seymour, Aug. 14.—Seymour strode ahead of its neighbors today. Not only the first bale of 1929 cotton was brought in, but the second and third as well.

W. L. Crawford of the Cottonwood Hole community, got here first with a 465-pound bale, and won the premium of \$44 offered by merchants for the grower of the first bale.

Ten minutes later in came W. H. Beavers with the second bale, and about three quarters of an hour later the third was brought in by Grady Cline.

Crawford maintained a three year record by getting in just in time. For the last three years he has brought in the first Baylor County bale to the gins.

# U. S. WOMEN TENNIS STARS FACE INVADERS

New York, Aug. 14.—(P)—American women tennis luminaries will be subjected to strenuous foreign opposition in the national championships, starting at Forest Hills next Monday.

In a field of 64, twelve hail from countries other than the United States, and among the dozen invaders are several capable of extending to the utmost every American entrant, with the possible exception of the defending champion, Helen Wills.

England's delegation of six is headed by Betty Nuthall, 18-year-old star who forced Miss Wills to two deuce sets in the Wightman cup matches.

Miss Wills is seeded first among the American players followed by Helen Jacobs, Edith Cross, Mrs. Mollie Mallory, Mrs. May Sutton Bundy, Mary Greif, Mrs. L. A. Harper and Marjorie Gladman. Miss Nuthall is seeded first among foreign players.

# SWINDLER PRESIDES OVER ILLEGAL MEXICAN COURT

Mexico City, Aug. 13.—(P)—An illegal court, presided over by a noted swindler, has been functioning in the town of Resurrection, Puebla, selling its verdicts to the highest bidder and even meting out corporal punishment, El Universal's city of Puebla correspondent asserts.

The correspondent says a woman whose husband paid the court to reject her divorce petition was sentenced by the court to continue living with the man and that she forthwith went to Puebla and exposed the court to state authorities. It has been found that the court is illegal and an imposition, the correspondent adds.

# SIX OFFICERS KILLED IN JAPANESE PLANE CRASH

Tokyo, Aug. 14.—(P)—Six officers of the general staff were killed and another seriously injured when a new bombing plane in which they had started an inspection trip fell 900 feet today at Tachikawa airbase near Tokyo.

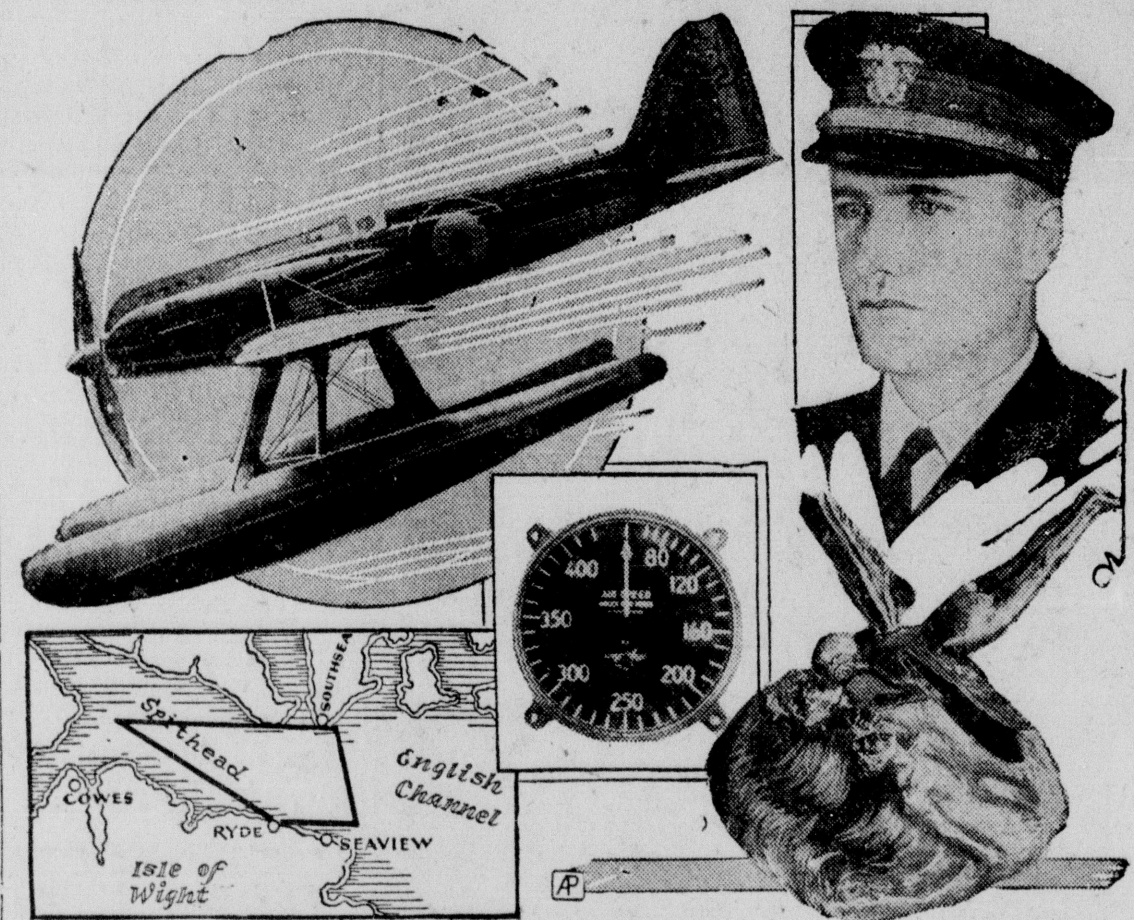

The dead included Major General Tsunetsuna Aburo, chief of operations staff, General Fujioka and Major Abe.

# May Hold Key in Detroit Mystery

John M. Heath, above, is sought by Detroit authorities in connection with the mysterious death of William J. Sandlands dry agent. Sandlands' body was found in the Detroit river hours after he had disappeared from Heath's cruiser which he and another agent had seized for investigation.

# SWIFTEST PLANES OF 4 NATIONS SEEK SCHNEIDER RACE LAURELS

The U. S. navy plane built for Lieut. Al Williams (upper right) in the Schneider saeplane trophy races September 6-7 has a speed indicator (inset) that will show a speed of 420 miles an hour if he can make that much. The British Napier Super-Marine (upper left) won the race last year. The trophy is at lower right; the map of the course at lower left.

GEATEST PLANES—3-col cut. . . . . This year speeds well over 300 miles an hour are expected.

The speed of Schneider trophy winners has increased remarkably since the first race in 1913 when Prevost won for France with an average of 44.7 miles an hour. Other winners and their speeds were:

1914—Pixton, Great Britain, 55.3 miles an hour.

1920—Bologna, Italy, 102.3 miles an hour.

1921—DeBriganti, Italy, 117.4 miles an hour.

1922—Biard, Great Britain, 146.5 miles an hour.

1923—Rittenhouse, United States, 177.33 miles an hour.

1925 — Doolittle, United States, 232.57 miles an hour.

1926—Bernardi, Italy, 246.49 miles an hour.

Cowes, Isle of Wight, Aug. 14.—(P) Seaplanes of four nations, with the speed of bullets built into them, will hurtle through the air here September 6 and 7 in an international assault on existing speed records.

To the swiftest will go the Schneider trophy for seaplane speed, first offered by the French sportsman and pioneer in aviation, Jacques Schneider. It is to become the permanent property of the nation which wins it three times in succession. So far no nation has been able to win it more than twice.

Twice, in 1920 and 1921, Italy captured the trophy, only to lose it the following year to Great Britain. Twice, in 1923 and 1925, it went to the United States. In 1927, when the race was held in Venice, Flight Lieutenant Webster won it for Great Britain.

# Famous Prisoner Transferred

For the first time in 53 years, prison gates at the Massachusetts state prison swung open for Jesse Pomeroy, right, as he walked to the first automobile he had ever seen to be driven through a strange world to a prison farm where he probably will spend the remainder of his days. Pomeroy enjoyed 95 minutes of comparative freedom after serving 53 years of a life sentence. He is accompanied by a special agent of the Massachusetts department of correction. Pomeroy is the state's most famous prisoner, he having been sent up as a youth for murder.
